

## Chimanini Cyclone Idai Masimba Relief Operation from 22 March to 17 April 2019

On learning of the plight of our fellow countrymen in Manicaland due to the effects of Cyclone Idai, we immediately availed a TLB, Excavator and a standby DPF to support this equipment to be used in opening access roads, evacuating people and any other purposes as deemed fit.

A. Makamure (FD), C. Malunga (CEO), B. Shiri (TLB Operator), T. Mereki (Excavator Operator) and D. Denhere (DPF)

### Welcome back ceremony

We were ably represented on the ground by our operators Messrs. B. Shiri, T. Mereki and D. Denhere whom we salute for their heroic contributions. While they were on the field, the rest of Team Masimba mobilized clothes and non-food items for the cyclone Idai victims in Chimanimani and Chipinge.

### Work in Progress

The Manicaland province remains close to our heart, and is family, as we have and continue to execute several projects therein. Accordingly, it was a privilege and an honour to join the nation in action and solidarity as we worked to reduce the pain and suffering at this moment of need.
